

TECHNICAL DATASHEET

STALOC INTENSIVE CLEANER

SQ-285

PRODUCT DESCRIPTION

STALOC Intensive Cleaner is a biodegradable, mild alkaline cleaning concentrate with a very high dissolving power. Acid and formaldehyde free. Intensive and deep cleaner to remove deposits such as grease, protein, soot, oil, smear and waxy residue, and Edding markers. Ideal also for cleaning paints, plastics and tarpaulins.

- Very good penetration
- Very good cleaning effect or dissolving power

APPLICATION

Recommended application – further information can be found in the material safety data sheet.

Spray organic power cleaner on the parts that need to be cleaned. Allow for 5 to 15 min. penetration time. Subsequently, rinse with cold water. Use cloth or brush for persistent contamination.

Depending on the degree of contamination, the STALOC Intensive Cleaner can be used pure or diluted up to 1:50.

TECHNICAL INFORMATION

Water based cleaner, containing anionic surfactants. Subject to the detergents regulation.

SAFETY INFORMATION

Please send your request for the latest version of the material safety data sheet (MSDS).
