

TECHNICAL DATASHEET

## STALOC LEAK DETECTION SPRAY

SQ-600

### PRODUCT DESCRIPTION

STALOC leak detection spray serves to locate leaks and porous areas, e.g. hairline cracks, weld points, gas and compressed air systems. The product can be used to locate leaks at bolted joints, welds, valves, linear drives, pressurized lines / tubes, gauges, gas heaters, camping gas systems, tires, etc.

Excellent foam formation!

The product can be used for oxygen leading pipes and tubes.

### APPLICATION

Recommended application – further information can be found in the material safety data sheet.

Spray STALOC leak detection onto the surface that needs to be checked for leakages. Blistering shows leakage.

### TECHNICAL PROPERTIES

STALOC leak detection spray consists of biologically degradable agents as well as a water based solvent.

### SAFETY INFORMATION

Please send your request for the latest version of the material safety data sheet (MSDS).

### PACKAGING / VOLUME

400 ml 520 3e a 12 pcs. per box
